

# PRACTICE FACILITY

Updating the practice facility at your course can be one of your best membership selling points and revenue generators. Both synthetic and natural turf practice facilities are in high demand as the game of golf grows. Don't wait to reach out to the US Pitchcare team for consultation!

Having installed several of the leading synthetic turf systems we are confident we can recommend the best choice for your installation. Anything from Zoysia to LMB sod can easily be installed. Target Greens, Practice Greens, Chipping Greens, as well as Target and Practice Bunkers can easily be incorporated.
